MODEL		X-Achse (1)	Y-Achse (2)	Z-Achse (3)
CUT 1610S	mm/inch	1.300 mm / 51"	700 mm / 27"	1.300 mm / 51"

(1) Horizontal travel forward / back

(2) Vertical travel up / down

(3) Length of the cutting wire

OUR PRODUCTS

- CNC Foam cutting machines
- CNC Milling Machines
- Contour cutting machines
- Gate cutters
- Block cutters
- Coating machines
- 3D Laser scanners
- PU Coating Systems

## Content of Delivery RTR

### Machine

- Machine fully assembled and tested
- Solid steel machine table with decking
- Machine control, power supply
- Power supply for 1 cutting wire
- Machining Software, CAD-Software
- CAM-Software 30 day Trial version
- Manuals, installation instructions, tutorials
- 1-year technical email and phone support
- 2-year warranty

The assembling of the machine takes about 1 hour.

A Windows Computer is needed to run the cutting machine. This computer is not part of the delivery.

### Needed Accessories

- Windows PC

## Optional Accessories

- Windows PC with software
- CAM-Software
- Teamviewer training
- Training on site

## Delivery

- About 1 week after receiving payment
- Insured transportation via Schenker
- Pickup available

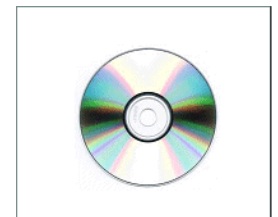

## Optional Accessories

Relay Box - wiret

Cutting Wire

Software

Optional the following accessories are needed to run the machines
